Profile

I am a recent graduate with a focus on data science. Throughout my undergraduate studies, I developed a passion for using data to drive business decisions and solve real-world problems. I have gained experience in data cleaning and preprocessing, machine learning, and statistical analysis. I am proficient in Python, and have experience with popular libraries such as pandas, scikit-learn, and TensorFlow. I am always eager to learn new tools and techniques to improve my skills and stay up-to-date with industry trends.

EXPERIENCE

Indian Institute of Technology, Bombay
